

LETTER TO Prof. Dr. Rainer Horn

Dear Prof. Dr. Rainer Horn,

In accordance with the rules published for the election of President of the IUSS, I submit a fully supported nomination pack in order to be evaluated by the honourable members of the IUSS Presidential Election Standing Committee.

The completed nomination pack I am sending you comprises the following:

- A covering letter from each of my nominators
- My Nomination Form
- My Curriculum Vitae
- A letter from my employer, Arcadis, confirming their support for my nomination and willingness to support should I be elected
- My short video presentation

I am committed to the opportunity of becoming, firstly, President Elect and working with IUSS over the next two years, and then as President of IUSS, roles to which I would give my full attention and effort to secure the continued activity and impact of IUSS as an organisation and for its members.

I thank you in advance for your attention.

Kind regards
