

Second GLOBAL WORKSHOP ON Proximal Soil Sensing

(Formerly known as Global Workshop on High Resolution Digital Soil Sensing and Mapping)

MONTREAL 2011

Preliminary Announcement

Dates:

May 15-19, 2011

Venue:

Leacock Building, McGill University, Downtown Montreal, Canada

Format:

Similar to the First Global Workshop on High Resolution Digital Soil Sensing and Mapping held in Sydney, Australia in February 2008.

Focus:

Proximal soil sensor development, equipment, applications, calibrations, signal processing, sensor data fusion, inference systems, (geo)statistical analyses.

INTERNATIONAL UNION OF SOIL SCIENCES

Working Group on Proximal Soil Sensing (WG-PSS):

Chair: Raphael Viscarra Rossel, Raphael.Viscarra-Rossel@csiro.au

Vice-chair: Viacheslav Adamchuk, Viacheslav.Adamchuk@mcgill.ca
